Pleat styles are available in double and triple pleats, also known as 2 pleat and 3 pleats. Pleated curtains are more traditional and offer some elegance to a room.

Wave fold curtains are also known to bring a contemporary look and feel to a room especially with a lovely sheer fabric, giving a soft ambient touch which is great for living rooms and open spaces and suited to a wider range of curtain fabrics.

Box pleats curtains are a more modern curtain style, and is popular amongst new and contemporary home decor.
