

NuFusion Shutters

NuFusion Shutters by Franklyn

NuFusion Shutters are elegant and functional window coverings suited to any indoor area in your home. Incorporating an aluminium core in the elliptical blade and a solid PVC stile with a 2mm aluminium core, NuFusion Shutters deliver higher strength and greater rigidity eliminating any sagging or distortion.

NuFusion Shutters come standard with a 20 year warranty to give you added peace of mind. Franklyn guarantee your shutters will not chip, crack, split or distort and will look as good as new for many years.

Available in fixed, hinged, sliding or bi-fold styles, NuFusion Shutters enhance both modern and traditional architecture. Choose from our range of 9 designer colours or select a custom colour to suit your décor.

SOLID PVC STILE WITH 2MM THICK ALUMINIUM CORE

NuFusion Shutters come with a 20 year warranty
