

Timber & PVC Venetian Blinds

FRANKLYN

An affordable and elegant alternative to Shutters.

Venetian Blinds are a classical, refreshing alternative for both modern and traditional architecture. Providing a warmth that will add real value to your home, Venetian Blinds combine versatility and light control that only venetians can provide.

Available in a variety of timbers in a selection of lacquered, oiled or polymer finishes as well as PVC with a smooth or Timbalook, we handcraft each blind to suit your needs and budget. Our Venetians are finished with traditional pelmets and, like all our products, we use only the very best components.

There is nothing quite as captivating as windows and doors dressed with Venetian Blinds!

GET THE LOOK WITH YOUR VENETIAN BLINDS.

Choose from a range of colours in Timbalook or smooth.

Features & Benefits

- **Wide colour choice:** You can select from the beauty of natural timber in various colours of Western Red Cedar and Basswood. Or choose from Fashionwood and Timbalook –low-maintenance PVC material in white, cream or natural timber colours.
- **Heavy-duty headrail & componentry:** Have peace-of-mind knowing you will have years of trouble-free operation due to the strong headrail and components.
- **Colour coordinated:** Headrail, laddertape and cords are colour coordinated with the blind to give you a consistent and uniformed look.
- **Insulation:** Timber has excellent insulation properties and will help keep you cool in summer and retain the warmth in winter.
